

Follow These Easy Steps to Vote by Mail

Step 1: Watch for your absentee ballot application to arrive in the mail in late May or early June from your city/township or county clerk, or from the Secretary of State.

Step 2: Fill out and sign the application using your official signature. **Check the box for both the August and November elections.**

If you're not already on the permanent absentee voter list, check the box that says "I want to vote absentee in all future elections." That way, you'll automatically get an absentee ballot application in the mail before every election.
